

RED LIGHT THERAPY BLACK FRIDAY DEAL!

NOVEMBER 4-24

'Tis the season to work on yourself before yet another year passes by of putting off your health!

Red Light is also perfect for gifting good health to family & friends!

SAFE & EFFECTIVE

The Contour Light treatment is safe, painless and non-invasive. In fact, it is quite comfortable and soothing. The Contour Light is FDA cleared for use as a non-invasive dermatological aesthetic treatment for the reduction of circumference of the hips, waist and thighs. The Contour Light is also FDA cleared for the temporary relief of minor muscle and joint pain, arthritis, muscle spasms, relieving stiffness, promoting the relaxation of muscle tissue and to temporarily increase local blood circulation.

The human body needs light to be healthy and flourish.

- Fat Loss
- Body Contouring
- Pain Management
- Muscle Relaxation
- Relief of Joint Stiffness
- Increased Blood Circulation
- Reduced Inflammation

These relaxing, revitalizing treatments use red and infrared light to harmlessly release fat cell contents into your bloodstream, eliminating them from your body safely and naturally.

Compared to other treatments like liposuction, radio frequency lasers, and ultrasound therapy, Contour Light Red Light Therapy is affordable, non-invasive, and comes with no pain or bruising, no downtime, and no risks.
